DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 7/18/2006 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1-28 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by www.poweropt.com.

Applicant has provided a website which discloses the fact that applicant's invention was available to the public for more than one year (December 12, 1998) prior to the effective filing date of the invention (September 29, 2000). Since the invention was placed in public use and/or on sale, via the internet, it is viewed as non-patentable [see MPEP 2133.02, 2133.03(a) and 2133.03(b)].
